It was bang on spot!

By Dave

I do not usually gush over Amazon acquired products_ for the simple reason that more oft than not, you don't get what you thought you would get when you order the merchandise_ The Cast of Character flew against that paradigm on several fronts:

*The price was right,

*It was in very good condition _ for a used book, and also for my purpose _ which was to send it to a friend who had requested this book,

*It arrived within a rather reasonable time frame_ although in my estimation it was a tad bit slow, but still...

In the final analysis however, I think the seller and the book deserve the 5 stars I lavished on them; if they didn't, I wouldn't have given it to them! And I approve this message.
