CHARITY BEGINS ON THE RED CARPET: HOW TO LEGALLY NEVER PAY INCOME TAXES EVER AGAIN BY ISRAEL LIGHT PDF

As of May 10, 2015, this book is now a #1 bestseller on Amazon / Kindle. If you Google "legally stop paying income tax" noted business leader of America, Israel-Light founder Veronica Grey is the ONLY person ever interviewed on TV on this subject. The \$9.87 eBook version of this is at tinyurl.com/LegallyTaxFree You've heard a whiff of a rumor that there's other ways to go through life as in 100% TAX FREE and LEGALLY. She has been on almost every network presenting this subject <http://www.youtube.com/TrueGreyThoughtLeader> You CAN qualify in your state as LEGALLY TAX FREE & NEVER have to deal with the federal IRS again. YOU CAN BE "FOR PROFIT" and still claim legal tax exemption: <http://vimeo.com/113416920> !!! All you have to do to become legally tax free is start your own not-for-profit organization and it is SUPER EASY to do. We spell it out for you here in layman's terms. It costs you less than \$300 to file the paperwork to become tax free. We have been living this lifestyle over 8 years, LEGALLY. All those poor souls doing the time sensitive Occupy movement reveal that this country needs more freedom. The problem is protesters keep finding someone to blame. If they would just look at information like this, they would have something much more constructive to focus upon – something that will achieve REAL results, not just some lame Occupy achieved token like “no more ATM fees.” What these people really want is to be tax free. And the government DOES. It also knows that ANYONE who truly tries CAN BECOME a 100% tax exempt not for profit corporation, which is why government isn't so moved by Occupy. If I were the IRS, maybe I too would be like, "Why are they all in Zuccotti Park camping when they could be at their nearest library or public counsel offices filling out paperwork to become legally tax exempt?" God helps those who help themselves. As does government. When you connect both, you live legally tax free by serving God via Government rules. The first amendment separating church and state actually grants us freedom by unifying the two, compliantly. For those naysayers who hemm and haw about us "not paying taxes" please note WE ALL PAY TAXES EACH TIME WE BUY SOMETHING OR EAT OUT. Those taxes go to the government because the companies we pay those taxes to pay the government. So when you consider that, realize we are NOT saying don't pay ANY taxes. We are simply showing the LEGAL way to use what would have been your INCOME to help people. If you have seen stuff on YouTube about how to become a "Free Man;" reclaim your sovereignty by using freedom documents, this way is MUCH EASIER AND FASTER. When you form a legal not for profit org and transfer EVERYTHING you own to it, ie houses, cars, gold, stocks, etc. it all becomes LEGALLY non-taxable. ALL OF IT. Legal disclaimer: This book is 100% tax deductible, thereby making it a FREE gift from us to you! Simply reference our Federal EIN 61-1555550 to claim your exemption equal to the amount you "paid." When you make a "payment" it is actually a donation since we are a charity. Your donation is voluntary and without condition. Legally we can't "owe" you anything in exchange for making this donation. However, we GIFT this book to you as part of our mission to serve the masses. THANK YOU for your support and God bless America! Let us keep it land of the FREE and home of the BRAVE! Saving the best for last: Whoever coined the phrase that death and taxes are the only things we are sure of was demonic. LOVE this book!

By Anne Bradley

This book is an honest approach to living tax free while helping others. From someone that lives it, in plain language that anybody can understand, the author presents a refreshing approach to living your dream fearlessly and free. She truly is "in service" to helping others, and a fine example of a steward of our environment (see her many other contributions mentioned in the book). Highly recommended!

I love the laws and honored to be able to serve ...

By Christina E.

Ok everyone, get ready to change your life. If you are reading this chances are you are intrigued, yet fearful about the possibility of becoming tax exempt legally. How could this be? Did you suddenly just enter a dream world and doubting that this can really be real? Welcome to how I felt 2 months ago when I came across Veronica's book. I thought, yeah right. No way. Well guess what? It's true. The thing is you have to think about how you serve others. This is more for people who are spiritual, and I am not talking about pushing your beliefs on other people but technically you can be a ministry or "church" in probably the very profession you are doing RIGHT NOW. Are you a lawyer, a doctor, a plumber, a designer? Well open your eyes to the fact that you are SERVING OTHERS. I thought that I had to file a 501c3 as a spiritual organization, but I don't. I didn't understand, until I read Veronica's book and this link: <http://hushmoney.org/501c3-facts.htm>. It was between Veronica's coaching and reading her book which is what got me through to own the fact that I am proud to be American, I love the laws and honored to be able to serve others as an automatically tax exempt corporation. I don't need to ask the Federal Govt. permission,

I am already automatically tax EXEMPT. I just incorporated tax exempt non profit - religious with the state. Yup, it's true. and I am so happy that I am free. Free of fear, free of doubt, free of income tax because I accept donations. And as a thank you, I may do video editing for people, or design a logo in return. Understand? Write your mission purpose, think about how you serve others and know that it's best to be considered a ministry, or some sort of religious entity in a professional matter so you can live your life in peace. It's all how you present it to your clients. For example, my personal trainer who deals with a 1099 comes to my house once a week and has other clients. I write her a check every week and want to so badly to write donation in the memo because she is spiritually transforming my life! She puts so much effort, and to why? Give 40% of it to the Federal Govt? No, all she has to do is maybe give me a spiritual meditation card for me to read when she leaves or something so that I am inspired to keep up my workouts. See? And for that, I would want to give her a financial donation to show my gratitude. I mean, you can ask people to donate to your cause. And you can thank them by showing your gratitude by maybe, wanting to help them with interior design, or maybe out of the kindness of your heart, make a video edit for them. No 1099, no filing, just having a human experience not living in fear and serving others. You can talk to Veronica when you donate to her cause and as a thank you she will send you an ebook and coaching is included to help you to show you that she thanks you for your donation. Is it really this simple? Yes, it is. Enjoy your new life! Thank you V!
