By Haysis

This was a good overview of the psychological aspects and personality of a person. I learned the behavior of people and the best way to master their body language and nonverbal cues. It can be helpful in improving communication skills and relationship with others. I'm keeping this as a general reference book.

By Terrenz Agato

I enjoyed reading this book immensely as the golden nuggets of wisdom are sound and logical herein. They seem practical for implementation too. Sometimes, we may know some of this knowledge already, but we need constant reminders to internalise them into our brain and only when a crisis happens, then do we start thinking about doing something to solve the problem. Overall, it's a well-organised book for reading!
