HEALTHCARE SPACES NO. 5 BY ROGER YEE PDF

"Healthcare Spaces 5" showcases impressive new work by some of the leading architects and interior designers serving the nation's health care institutions. More than 40 design firms present 150 and more projects with over 700 colour images in this 300-page book. Health care administrators, physicians, medical planners, and their architects and interior designers will find this an excellent means of assessing how public and private institutions are coping with the opportunities and challenges of managed care, advances in medical sciences and technology, aging populations and the drive towards patient-focused care.

Nice Photos

By Ms Bulldog

I got this book for work which is at a hospital. This book has a lot of photos and ideas. Fun to recognize some of the projects. A great book to have on the coffee table as a picture book. It also helped me with viewing what some of the architects are doing and who to hire for that next project.
