What's a girl to do when she meets the Internet man of her dreams, he's better than she expected, but he lives an ocean away? And let's not forget her parents, who are trying to lock her up in arranged-marriage doom.

In this fast-paced story of culture clash and romantic pursuits, there's a big fat Indian wedding, the struggle to keep a long-distance flame alive, and an unexpected mystery man who could set a new course in motion.

All the while, our heroine abandons what was once an all-consuming man-search, which helps her remember the person she used to be, and the person she hopes to become; the history-loving nerd, the hopeless romantic, and the emerging author with dreams of ditching the corporate rat race.

This is the book of living in the moment, making the grand gesture, and putting it all on the line. This is when Romi Narindra comes alive...

"Last-Minute Love" is book two in the fictional "Year of the Chick" series. It follows closely from book one, but contains enough detail to be read as a stand-alone. Book three entitled "Never or Forever" is now available!

Couldn't Put It Down!!!

By cydney

I read both of Romi's books and I have to say that it's been awhile since I read a book that I truly could not put down!! I laughed out loud...i cried out loud...and I loved every minute of it. I am widowed now..its been five years , and it takes a lot for me to truly be happy right now. But your books, I've read both, truly gave me those true hours of joy I haven't felt in a very long time. I can't wait for the third book and was upset that I couldn't get it already....so hurry the heck up....I need these laughs and tears. Love you as an author...it's

truly a gift to make people all over the world want to be your friend. Good luck writing...I will be sitting on the edge of my seat....waiting for the next adventure. Cydney.

loved it

By Jordan

I finished this book and the first in less than 24 hours. It is witty, heartwarming, and sad. I appreciate the growth of the character and can't wait to read the third book!

This book also has me wanting to begin writing again. So thank you for the inspiration!

Great read

By Teri

After having enjoyed the first book in this series I was excited to read this one. I need to admit that towards the beginning of the book I was a little confused - I don't want to say too much as I don't want to spoil the stories for anyone. I felt the transition from the end of the first book to the start of the second book left a lot of missing areas I had questions about. Other than that, I truly enjoyed the story. I'm hoping some day that Romi will find a love that makes her heart sing! Even better, I hope she'll find a local love! That her parents will approve of. And become friends with her sister. And.. well, I grew attached to Romi from reading these 2 books, and I just want good things for her! To me, that's a sure sign of a good story - when I'm still thinking of the characters days after I've turned the last page.
