Everyone needs one

By Randi Tobman

I give this as Birthday gifts, and people love it.

Now they have figured out, how I can remember everyone's birthdays!

Great reminder calendar!

By JLL

This calendar has been a life saver. Each January I used to transfer all of the birthdays for family and friends to my new calendar... what a waste of time. This birthday reminder calendar is great because you write everyone down 1 time and put it next to your current year calendar, flip over with each consecutive month & you never will forget a birthday again. Love it! The only downfall is that the lines to write people's names on is somewhat small so if you have 2 or more people with the same birthdate, you have to write very small.

Beautiful, artistic, and fun to look at!

By Dr. Jennifer Forche

I bought this birthday calendar for my daughter so that she could have an easy way of remembering her family's and friends' birthdays. She wrote their names and their birth year at the correct date, and we've hung it in her room. A friend of mine who is an elementary school teacher purchased several also to give to her

teacher friends.

I think this is a perfect gift for a child, as well as an ideal teacher gift. The pictures are beautiful, and the glimmering designs make them extra attractive!
