Good Item

By Eleni S.

I didn't know what to expect when I ordered this book. Book is good at reducing the information from Davis into a "need to know" for the NCLEX. Book is actually a small pocket sized book and the pages are arranged to be cut into flashcards. Book came punctually and in great condition!

Perfect!

By rachjc

This is the PERFECT pocket guide for drugs. I LOVE it! The only thing is that the book doesn't have an index and that you have to know the class of drug to be able to find it. Will definitely use this until it falls apart!
