Review

"A frank, compassionate, and memorable study of the woman behind the legend and her ravishing creations."
--Booklist

"This engrossing biography of Georgia O'Keeffe sweeps away myths and legends....a remarkable piece of detective work."
--Publishers Weekly

"Hogrefe manages to be both fair and compassionate in his treatment of a difficult woman--who also happens to be one of our most dazzling national treasures."
--Edmund White

"A historic, in-depth study of what it means to risk one's life to be an artist. It is also a depiction of sexual confusions, ironic outrage and rage, and the shedding of society's armor to create a female knight in pursuit of a vision. Georgia O'Keeffe is the one woman who was there first in the world of art."
--Sandra Hochman

From the Inside Flap

One of this century's most beloved and celebrated artists, Georgia O'Keeffe transmitted her most intimate feelings onto her canvases. But the details of her private life were zealously guarded, leaving the world to wonder: What was the inspiration, and the impetus, for her sexually charged flower paintings? What was the nature of her relationship with her much older husband, photographer Alfred Stieglitz? Why did she lie about her past and hide herself from her public?

Journalist and author Jeffrey Hogrefe discloses the answers to these questions and more in O'Keeffe, a richly detailed biography that illuminates much of the mystery and intrigue that surround Georgia O'Keeffe, and finally reveals the real woman behind the legend. Hogrefe's encounter with the ninety-three-year-old artist and with Juan Hamilton, the young man she loved in her final years, provided him with unique insights into her private world, as well as into Hamilton's own controversial relationship with O'Keeffe during the last fourteen years of her life.

Her acerbic personality, her unconventional lifestyle, and her struggles as an artist and a woman are brought to life in this definitive biography.

Most helpful customer reviews

4 of 4 people found the following review helpful.

Very revealing look at Georgia O'Keefe

By s. nicholas

A pretty substantial biography of artist Georgia O'Keefe. Covers her entire life and sheds enlightenment on all the factors that led to her hermitic life near Taos. While sympathetic to O'Keefe, this book does indulge in, or rather addresses, topics that O'Keefe would never discuss herself. Stories of her famous temper and lesbianism are shared with interviews from close friends. Parts of the book feel like a tell-all National

Enquirer article, but the author does a good job of keeping it all in context, after all it must not have been easy for O'Keefe to become a celebrity symbol of feminism. Not sure how this book would compare to other O'Keefe bios as I haven't read any other ones, but this is a very enjoyable and informative book.
