I'll read it again.

By Amazon Customer

Finding balance again and again drives our personal stories. I read it when I was too young to understand much outside my own narrative. I'll read it again.

1 of 3 people found the following review helpful.

Engaging and Super Readable

By Davey Jones

Didion's *Play It As It Lays* exemplifies the epitome of captivating reads. Most readers will likely whizz through it, captivated by the engaging pace and vivid construction of seemingly mundane details. Didion fantastically imbues wonderful meaning and resonance into her heroine's every action--from opening a drawer to rambling over California freeways. Don't look to the novel for deep life meaning. It serves better as entertainment and a fantastic model for aspiring writers trying better to understand how to cater to audiences.
