RANCH RIVALRY BY GRAY GARDNER PDF

Coming home had never been so confusing for Case McCann. Her life was planned, college and career were waiting, and then she came face to face with the terrifying yet strangely attractive boy-next-door.

Halston Blackhill wanted for nothing, waited for no one, and had no passions except the success of his cattle ranch. When that little McCann brat from the neighboring ranch tried to sneak onto his land, though, his passions surfaced.

All of them.

Really good story. Case is young and somewhat headstrong or self sufficient as she likes to call it. Hall is bitter because he had to take over the ranch after his parents died but we never found out why his bitterness has continued for so long or why there is a feud between his family and Case's. The plot is well thought out and well written. They relate well to each other and fall in love. The book ended a bit abruptly; I would have liked to read about how her family reacted to their relationship and also how the mystery of the absent/kidnapped brother would be resolved. Perhaps there will be a sequel.

Sexy Distracting and SO good

By Didi K.

I was literally (meaning I actually was ;-)) sitting in a church pew trying to finish this book before church started because it was SO riveting! I was hanging on every word and completely oblivious to the world because the story was so enthralling.

There is absolutely nothing I would change about the story. The spankings, scoldings, fights, "Sexy times", everything was perfection.

Ok, so I might like to know what happens next, but that's always how a good book/series goes. Leaves you wanting more, waiting with bated breath for the next volume, chapter, word. And this book did exactly that.

Great story Filled with romance suspense and action The plot is well written and keeps you turning the pages to see what will happen next The heroine is a strong feisty female who knows what she wants even if she isn't sure she should want it The Hero is a strong Alpha male but can he keep the heroine safe if she won't let him Can these two get over the past and come together or are they doomed before they even start
