for the princesses that have better things to do than kiss boys

By Jherseygirl

My 8yo daughter emphatically does not like princesses as all they do is 'kiss boys'. So I was very surprised when she came home from the book fair with one of these saying she wanted to read more of them. From what I gather, as I haven't had a chance to read them for myself, is each princess has an animal that they rescue. Quote from my daughter, 'they all have a sense of adventure and don't kiss boys'. So, yeah, I would absolutely recommend them.

My daughter loves it.

By Amazon Customer

I have been reading this series aloud to my 5 year old daughter. Shes loves them. Yes, they are predictable, and a little silly. At the same time they have helped my daughter appreciate novels, and not only picture books. We have enjoyed the stories together and she always is very curious to find out what happens next. I would recommend them as a good read aloud for young girls.
