They came from the gods. They were gifts, offspring, and accidents, but one thing was certain. Shifters, Vampires, and Witches were among those that had evolved past the limitations of humanity, those that developed abilities that no human could match, but even for those that had the ability to do anything, some things were still forbidden.

Jessica Ryland knew all too well about the chaos that followed this taboo. It had cost her the lives of her family at a very young age and even in giving that taboo just what it needed, she knew that it wouldn't stop chasing her until she joined them.

But when she decides to take refuge in a city that had already been claimed by a Shifter pack, she finds that she is in for more than she bargained for. With a mate that refuses to turn her away, she finds that she is far stronger than she ever thought she could be.

:Warning: Please note that this book and series were intended for ages 16+. Contains mild language, mild sexual content, and some graphic content.
