Amazing, kind of like a mix between reading an great book & playing the NBA2K video game! A+ and 10/10

By Abigail

This book is absolutely amazing! I have no idea how the author incorporated all the correct player salaries and salary cap issues and real 2014 NBA Draft players in it, but it is just amazing.

I've never even heard of another Choose Your Own Ending adult sports book but after reading this I hope a ton more are written as it was the most fun I've ever had while reading a book. Honestly it was almost like a mix between a book and playing NBA2K14 ... SO MUCH FUN!

The book is extremely hard to "beat" though. I can't imagine there is anyone, other than maybe Jerry West or someone like that, that could actually win the NBA title on the first read through of this book. I got fired in the second chapter! But, I just went back and started again and made it deeper into the second chapter ... and got fired again!

I honestly got fired probably 7-8 times before I finally won the NBA Title, but man, what a ride!

If you like trading and building a roster on NBA2K and trying to win titles like I do, I think you'll love this book. And really, I think just about any NBA fan would love this book. It's funny too, I mean really funny, not Bill Simmons "The Book of Basketball" funny, but there are some one-liners and things in that had me rolling around. It's fun to read, addicting and you can't really put it down until you "beat it", just like a video game.

So, for me, this book is an A+, a 10/10, 5 stars and all that good stuff!!!!

P.S. This author also wrote a similar book covering the Celtics, and that was awesome too, but, this one was the better of the two as it's longer and HARDER to "beat"!
