Not a true kindle edition

By Paul John

This book is unreadable on the Kindle. It appears to be a simple scanned copy of the print version. The page displays as an unreadable image in the center of the screen and the text is not adjustable using the Kindle font controls. Nor is it searchable. Don't waste your money on the Kindle edition.

Super book!

By Amazon Customer

Great book! Simple but practical advice. Just following the 50 period buy-sell line alone has kept me out of numerous bad trades and into good ones. In addition to providing sound trading advice the book is also very entertaining; Steve is a great story-teller and I read the book the first time in one sitting. It's now a reference I go to often. This book helped to turn my trading around. Thanks Steve!
