About the Author

Dr. Robert R. Carkhuff believes that all human growth and development begins with relating. Dr. Carkhuff considers himself fortunate to have begun his own career in helping and human relations. He was the first to define the interpersonal core of all helping and human relationships in operational, and therefore achievable, terms. The so-called Carkhuff model is specifically the source of all current systematic approaches to interpersonal relating and, indeed, is generally the source of human resource development approaches. Indeed, it is precisely this theme of Human Development that defines Carkhuff's lifework. It begins with the most profound step: relating interpersonally. It culminates in a series of spiraling explosions: empowering people to actualize their own human potential. It is in the context of this ongoing work that this ninth edition of *The Art of Helping* is presented!

Easy read. Great in explaining techniques on being empathetic ...

By Deborah

Easy read. Great in explaining techniques on being empathetic while helping those who come to you for counseling. The workbook has great exercises even for the those who are challenged in learning techniques.

0 of 0 people found the following review helpful.

Clear and concise

By Bookworm

When I first started reading this text, I couldn't really get into it. But the further I got along, the better it was. The material is very concise. The text doesn't even fill each entire page. It was kind of strange. At the same time, it was refreshing to have such short chapters to read (especially if you have other classes). I enjoyed this text and the workbook is a nice complement that allows you to practice the techniques outlined in the book.

3 of 3 people found the following review helpful.

Excellent resource

By john

This book presents these logical, progressively deeper, techniques of inquiry in simple steps. They are cogent, simple, and relevant.

A must-have for any helper.
