Much more than a collection of recipes, this "encyclopedia" ...

By Arajay

Much more than a collection of recipes, this "encyclopedia" covers all of the fundamentals for American/European cooking. The information is presented in a way that reinforces learning while simultaneously encouraging creativity & experimentation. Quite simply, this is the most important cookbook I own.

A great resource for anyone learning to cook real food.

By James Griffith

The pictures were clear and step by step right along with the definitions and instructions. A great help to the novice home chef.
