but I was not as happy with it as I thought I would be

By Eskimo PrincessAlisa (Jenkins)

I was so excited to read this, but I was not as happy with it as I thought I would be.

I thoroughly enjoyed book one, but this one was not as good. Not as captivating. It was still a decent story though. And I do look forward to reading book 3. But I won't rush to buy it like I did with this one.

Sweet. Strings you into the next one...

By Margaret Spangrude

Since I have a cat with Chattan in her registered name and did some research into Chattan before that, I enjoyed this well written fantasy romance. A sad ending?? Wait and see.

Bait & Switch

By Michele from GA

This is a blatantly manipulative book. The story is lukewarm and the writing uninspired, but my main criticism is the way the book "ends." The main plot line dribbles to a weak and inconclusive ending, while introducing a new character, the sister, in what is virtually the opening chapter of a second book. Yuck! How stupid do you think we are? I MOST CERTAINLY will not be buying the second book, and have added this author to my personal blacklist.
