The Sheikh's Convenient Virgin (Surrender to...

By DAA

This is a second book of the Feilding twins stories. Morgan is working for Sheikh Tajik al Zayed bin Ama as his mother's companion while she was in Australia. When the sheikh meets her he decides that he wants her as his wife. So he takes her to his country under pretext of companion for his mother, where he convinces her of the marriage. He is a very alpha male in where he got what he wanted no matter who was in the way. Morgan was not a strong woman due to her injuries. This story was strong in the "Heman" type and not so with the strong woman. I have read several books by Trish Morey and will do so again.
