I would recommend you just use it as a supplement

By Dustin D

These are decent, but I found multiple errors in these. I would recommend you just use it as a supplement. The AICPA released questions are great though.

Excellent review guideline

By Jonathan Green

Excellent review guideline; however the books do contain their fair share of editing errors. Not a huge issue though, as the overall content and approach is sound. I would recommend to anyone looking to avoid spending a fortune on review courses.
