good project book for Precious Metal Clay

By Gayla J. Childers

This book is really interesting but I have one complaint.... the pictures are too small. There is such detail in the work and with the small pictures you miss a lot! But other than that is it a wonderful book!

PMC - Wonderful Book

By David Walter

Patrik Kusek is a great instructor and his book is well written. Love the photos and detailed instructions. I look forward to future books from Patrik.
